

The University of Lethbridge

Research Analyst Job Opportunity – June 2011

The Prentice Institute for Global Population & Economy

The Prentice Institute for Global Population and Economy, at the University of Lethbridge, invites applications for a research analyst for a term position of up to three years.

Reporting to the Director of the Prentice Institute, the successful applicant will assist with providing analytical methods for grant development, longitudinal data development, international comparative data analysis, developing and delivering internal training programs in the methods of longitudinal and comparative data analysis, and some dissemination of research.

The successful candidate will have a Master's degree in social sciences with strong quantitative analytical skills. Experience with statistical software (STATA) and with longitudinal and comparative data analysis is essential.

Applicants must provide a curriculum vitae and statement of skills and experience, names and contact information for at least three (3) references, and salary expectations to:

Dr. Susan A. McDaniel
Director, Prentice Institute
The University of Lethbridge
4401 University Drive
Lethbridge, Alberta T1K 3M4

susan.mcdaniel@uleth.ca

Review of completed applications will continue until the position is filled.

The position is open to all qualified individuals, although preference will be given to Canadian citizens and permanent residents of Canada. The University of Lethbridge is an inclusive and equitable campus encouraging applications from qualified women and men including persons with disabilities, members of visible minorities and Aboriginal persons.
